UPDATE  
AND BE  
UP TO DATE

## *From the Organiser's Desk*

**“Update or Get Outdated” is the current academic maxim.**

It is an undeniable fact that gastroenterology has grown in leaps and bounds, and evolved into various sub-specialities - Therapeutic Endoscopy, Hepatology, Motility Disorders, Luminal Diseases, Endo Ultra Sonography, Transplant Sciences and Third Space Endoscopy. So to remain up-to date, it is vital and indispensable for the Specialists to update themselves on the latest advances.

Indian Society of Gastroenterology (ISG) now presents an opportunity to the Specialists, through this Mid-Term National Conference to interact with stalwarts on the latest scientific advances and technological developments.

In my capacity as the Hon. President, Indian Society of Gastroenterology (ISG), I am extremely happy to organize this ISG- Mid Term National Conference and endeavour to reach out to the General Physicians, Surgeons and Family Practitioners apart from the specialists, thus enabling the benefits percolate to the end user, the common man.

I look forward to an active and lively participation from our medical fraternity.

Yours Sincerely,

**Dr. T.S. Chandrasekar, MD, DM, D.Sc, FRCP FASGE**  
Organising Chairman,  
Chief Gastroenterologist, MedIndia Hospitals,  
Hon. President, Indian Society of Gastroenterology (ISG)
